

HOST eLearning Platform

Uninterrupted Instruction & Blended Learning Through **HOST eLearning**

MindHosts facilitates Schools, Colleges, Coaching Institutes
and Tuition Centers with a branded app

Powered By

Hybrid Organized System Training

Awesome Features
to adopt yourself to the current situation

HOST eLearning platform is an elegantly designed **End-to-End Education Portal.**

Efficient and Cost effective.

Go online with your institute's own **"WEB/MOBILE" Application.**

MindHosts gets your Institute up and running without disruptions, with your own web/mobile app that lets your teachers continue teaching and conduct all their courses in a blended learning mode both offline and online conducting through 'HOST eLearning'.

Elegantly designed

Web & Mobile Application

Exclusively for your Institution

Self/Personalized Branding: India's first comprehensive learning application with optional education content. A complete solution for your institute to continue without disruption.

What You Get: A Consolidated Feature List of the Web & Mobile Applications
